Evaluasi Sensori Meringue Menggunakan Aquafaba dari Kacang Arab

Halo! Perkenalkan nama saya Reavala Diandi, mahasiswi jurusan Food Technology, Bina Nusantara University yang saat ini sedang menjalani penelitian untuk kelengkapan data tugas akhir thesis / skripsi. Pada kesempatan ini, saya ingin meminta ketersediaan teman-teman untuk berpartisipasi dalam proses penelitian yang tengah saya jalankan sebagai salah satu syarat untuk memenuhi kelulusan saya.

Pada penelitian yang saya jalankan, akan terdapat 5 sample meringue yang akan diuji properti sensorinya. Pengujian kali ini akan dilakukan dengan 7 point hedonic scales, dimana teman-teman akan memilih tingkat kesukaan terhadap produk. Sebelum memulai uji sensorial, teman-teman akan diminta untuk mengisi data diri. Seluruh jawaban yang teman-teman isi akan dijaga kerahasiaannya dan digunakan untuk kepentingan penelitian.

Terima kasih atas partisipasinya dalam sensorial ini !

Pernyataan Kesediaan

Saya menyatakan bahwa saya bersedia untuk mengikuti evaluasi sensori terkait produk **"Meringue menggunakan Aquafaba Kacang Arab"** secara sukarela tanpa paksaan apapun. Saya menyatakan bahwa saya sudah mengerti dan sudah dijelaskan terkait prosedur berjalannya evaluasi sensori ini.

Pernyataan *

- Setuju
- Tidak Setuju

7 Point Hedonic Scales

Berikut merupakan beberapa hal yang perlu diperhatikan sebelum mengisi pertanyaan di bawah:

1. Sebelum memulai test, Anda diharuskan berkumur dengan air yang disediakan untuk menetralkan adanya rasa apapun di dalam mulut. Sebelum beralih dari satu sample ke sample lainnya, anda juga disarankan untuk membilas mulut menggunakan air
2. Pilih kode sample sesuai dengan nomor sample yang tertera
3. Pada pengujian ini, Anda diminta untuk memilih skala kesukaan terhadap produk, dimana
 - 1 = sangat tidak suka sekali
 - 2 = tidak suka
 - 3 = sedikit tidak suka
 - 4 = biasa
 - 5 = sedikit suka
 - 6 = suka
 - 7 = sangat suka sekali

Kode Sample *

- 121
- 282
- 464
- 757
- 636
- DONE
